

## **DETAILS ON THE WIG VENTILATING WORKSHOP**

On Saturday, January 14, if you plan to attend the ventilating workshop as a participant there are some supplies that you need to bring with you. The following each participant needs to have:

1-needle holder

1 or 2 - #3 ventilating needles

1 foot of medium to small ventilating mesh - close or just darker than the color of the hair used.

Hair wefts - long enough to work with when the hair is folded in half - at least 12" but 18" would be better.

Design of a moustache and/or beard they would like to ventilate.

Companies that have these items online are:

alconeco.com

Plastic holders - \$9.00 each

Needles - \$8.00 each

Mesh - \$26.00/foot

mhrw.com

Metal holder - \$19.99

Needles - \$6.25

Mesh - 14" X 14" - \$5.99

hisandher.com

mesh - 1yd. X 1/2 yd. - \$15.00

Since this is a beginning project, you can get hair at Sally's relatively inexpensive as long as it is synthetic.

Also bring a wig head or Styrofoam head that can be padded out.

If time allows Judith will demonstrate ventilating a wig front.
